

Dear Lamaze Certified Childbirth Educator:

Congratulations on your LCCE status! Your certification card is available for print below. The certification card contains your certification number and next recertification date. Please note that this card is not a membership card as Lamaze International membership is separate from LCCE certification.

We hope you found the online application process and the certification center a helpful tool. Be sure to log in throughout this certification period to input your continuing education as you earn it. The system will help you track your hours throughout the three years and make your recertification application quick and easy!

Again, congratulations on your achievement! We appreciate your commitment to promoting safe and healthy birth outcomes. Please visit our web site at www.lamaze.org or call the Administrative Office at 800-368-4404 or 202-367-1128 for more information on recertification, continuing education opportunities, and other valuable information for LCCE educators.

Best Wishes,

Judith A. Lothian

Judy Lothian, RN, PhD, LCCE, FACCE

Lamaze International

The mission of Lamaze International is to promote, support and protect natural, safe and healthy birth through education and advocacy. Lamaze education is founded on these evidence-based, tried and true Six Healthy Birth Practices:

1. Let labor begin on its own
2. Walk, move around and change positions throughout labor
3. Bring a loved one, friend or doula for continuous support
4. Avoid interventions that are not medically necessary
5. Avoid giving birth on your back and follow your body's urges to push
6. Keep mother and baby together – it's best for mother, baby & breastfeeding
